I do not think the question of extra security arises since the loan will be limited to Rs 5000/- required for the purchase of machinery. The question of granting a loan of Rs 1000 more for working capital need not perhaps be mixed up with the loan for the purchase of machinery. We do not know y.n.r. Mr D. V. Gundappa saw the Dewan
and renewed his request for the grant of a loan of
1000 towards meeting the working capital.

He is not in a position to give
any additional security. This loan has been granted
under exceptional circumstances and the rules of an
ordinary loan cannot be fully applied. His object
in setting up a press is to reduce the printing cost
and thus make Kannada publications available
at a cheaper price to ensure larger distribution.
Though the work is not directly remunerative, the object
is such as to deserve every support and
encouragement from the State.

From the beginning it has been
realised that apart from the machinery, furniture
the collateral security for the loan, Mr Gundappa
cannot furnish any other security. Even in this case
the amount will be utilised to buy paper and other
printing equipment. There will also always
be a stock-in-trade of some value. Though
not always the value required. This may

D. O. No. D5--LA-52-35/36

Dev. 232-35-1/2

CONFIDENTIAL

Dear Sir,

WP 15/4/37 Ltr R.

I write to inform you that in connection with the loan of Rs 6,000/- sanctioned by Government in their order No. D. 6148-50/I & C 232-35-6 dated the 16th/17th March 37 Mr. D. V. Gundappa called on the office yesterday. He stated that out of the loan of Rs 6,000/- sanctioned to him, he would purchase, through the Superintendent, Govt. Printing, a "Swift" Wharfdale Printing machine (valued at Rs 3,500/-) and a cutting machine with types and other - - equipment, all the machines costing approximately Rs 5,000/- and that the balance of Rs 1,000/- may be paid to him in - cash for "Working Capital". The Government order does not contemplate payment of any portion of the loan in cash to the borrower, and in fact it explicitly states that machi -nery for the full amount of the loan will be purchased and secured to Government. Under these circumstances, I request you to kindly obtain the instructions of Government in regard to the payment of the amount of Rs 1,000/- in cash to Mr. Gundappa.

The "Rules for the grant of loans for Agricultural Industrial and Commercial purposes" provide for granting of three kinds of loans, viz., Hire Purchase Loans, Taccavi Loans and loans for working capital, and the forms of the Agreements to be executed in each of these three cases are also approved by Government and appended to the rules. The essential feature of these loans is 1) that half the amount of the loan asked for should be deposited by the borrower in the case of Hire-purchase loans, 2) that immoveable - -

immoveable property should be offered as security and mortgaged to Government in the case of Taccavi loans, and 3) that existing machinery should be mortgaged to Government as security for the loan. The loan granted to Mr. Gundappa is a special loan not falling under any of these three kinds. I do not therefore know the form in which the agreement has to be obtained from Mr. Gundappa. As he wants to draw the loan immediately, and the agreement has to be obtained from him before the loan is arranged to be disbursed, I have thought of obtaining the agreement in Form No. VII "Agreement for working Capital" suitably modifying it to suit the conditions of the grant of the loan. I submit herein enclosed the modified draft agreement for your information and request you to kindly let me know if the same is allright and may be adopted.

I request immediate orders.

Yours faithfully

SIR,

Subject:- Loan of Rs 6,000/- sanctioned to Mr.D.V. Gundappa.

I have the honour to invite your kind reference to my D.O. letter of even number dated 16th April 1937 on the above subject and to state that Mr. D.V. Gundappa has since written to me requesting that out of the loan of Rs 6,000/- sanctioned to him a sum of Rs 1,000/- may be paid to him in cash towards the working capital. I enclose here-in for the information of Government a copy of the letter dated 29th April 1937 received from him in the matter.

3676 Ind Dor 24/4

I agree that it is essential to provide him with working capital for developing his business on sound lines. I therefore request that orders of Government may kindly be obtained to pay him a sum of Rs 1,000/- in cash as represent-ed by him.

I have the honour to be,
Sir,
Your most obedient servant,

Director.

Letter dated 29th April 1937 from the Karnataka Publishing House, Basavangudi, Bangalore City to the Director of Industries and Commerce in Mysore, Bangalore.

With reference to your very kind confidential D.O.letter of the 20th of this month, for which I am sincerely thankful, I write this to request that you may be so good as to arrange for the payment of such bills for printing machinery and type as may be presented to you on my behalf by the Superintendent of Government Printing.

I have already received three cases of a printing machinery ordered for me by the Superintendent of Government Printing, and I am expecting to receive some quantities of English and Kannada type in the course of this week or the next.

All together, I do not propose getting printing machinery and type and other printing requisites for more than Rs.5,000/- at the present stage.

It is my intention to keep the balance of Rs.1,000/- out of the sanctioned loan, for use as working capital. My getting machine, type etc. will in itself be of no use to me unless I have some liquid capital in hand with which to start the concern. Various kinds of paper and stationery articles, printing inks and other miscellaneous material as well as the wages of workmen for a period of at least six months should all be provided at the very start; and it will be neither sound business nor sound principle for me to borrow money for this initial working capital from some other quarter. I therefore submit that making cash available to me to the extent of Rs.1,000/- is quite as essential for the establishment of my business as the rest of the action so kindly arranged for by you. I may be permitted to explain that in my application for the loan, dated the 17th of February 1936, in the opening and 6th paragraphs, I have clearly shown that part of the loan is meant for the "carrying on" of the business.

I need hardly say I shall be glad to execute the necessary legal documents at any time as soon as the appropriate forms are

P.T.O.

are ready.. Pending the completion of these formalities, I request that in the meantime the bills from the Superintendent of Government Printing may kindly be honoured.

Thanking you most sincerely for your kindness and your good offices,
